REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: none of the prior art alone or in combination teaches a winterizing seal for a pool skimmer as claimed. This seal assembly is specific to the passageway of an opening of a pool skimmer. The seal comprises the cover plate as claimed with a support portion dimensioned to extend through the opening and into the passageway; resiliently deformable sealing means extending about and mounted on the support portion of the cover; and pressing means pressing on the sealing means to effect deformation of the sealing means, which causes the sealing means to expand radially to establish a sealing contact with the side walls of the skimmer passageway to provide a water resistant seal between the cover plate and the skimmer passageway.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Hodak et al. and Hodak disclose other skimmer cover plates. Widener is the closest reference but still lack the structures as indicated above.

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tuan N. Nguyen whose telephone number is 571-272-4892. The examiner can normally be reached on Monday-Friday (10:00-6:00).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Justine R. Yu can be reached on (571) 272-4835. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
